

STAC

OUR MISSION IS SIMPLE—WE'RE ABOUT HONEST, LOYAL SERVICE

Through collaboration and technology; we connect you and your jobsite to the information you need to run a safe and secure operation.

Our services provide accountability, reliability and verification in matters relating to safety, training, and certifications.

Your goals are our goals. We listen to your needs and identify collaboration opportunities.

What will STAC do for you and your company?

On-demand access to safety, training & certifications

Automated updating of drug testing and background check information

Reporting capabilities with automatic expiration reminders

Track active projects and personnel

Create and retrieve OSHA 300 Incident reports and logs

By partnership in every safety culture, we look to set the standard on safety accountability.
